Sunnyvale, CA 94087 408.835.5679 | liz.brockman@comcast.net | [linkedin.com/in/lizbrockman](https://www.linkedin.com/in/lizbrockman)

Professional Summary

Results-driven Senior Customer Success Manager with over 3 years of experience managing enterprise cybersecurity portfolios in application security (SAST, DAST, SCA). Proven track record of driving high renewal rates, significant upsell growth, and customer advocacy in fast-paced SaaS environments. Recognized as top-performing CSM with strong technical acumen in DevSecOps, vulnerability management, and enterprise security. Engineering background with strong analytical and problem-solving skills to drive solutions for customer challenges. Passionate about maximizing customer ROI as a trusted advisor and voice of the customer.

Professional Experience

Customer Success Manager, Staff

Black Duck Software/Synopsys/WhiteHat Security | May 2022 – October 2025

- Awarded CSM of the Quarter (Q2 FY25) for outstanding client relationship management and revenue growth
- Owned full lifecycle success for a book of 48 enterprise, commercial and SMB accounts.
- Drove 199.6% upsell growth in FY24 and 25% in FY25 while maintaining 91% average renewal rate across FY24-FY25.
- Built and maintained C-level and executive relationships across security and engineering organizations serving as trusted advisor to maximize ROI through successful adoption of cybersecurity solutions (SAST, DAST, SCA).
- Conducted regular cadence calls and health checks, business reviews, and roadmap sessions; provided actionable guidance on product value, gathered feedback as voice of the customer, and collaborated with Product Management to influence roadmap.
- Drove product adoption and customer enablement, translating customer challenges into actionable solutions that aligned with their goals
- Proactively identified at-risk accounts and developed targeted strategies to mitigate churn and restore customer success. Led cross-functional teams—including Sales, Support, Engineering, Professional Services, and Product Management—to resolve complex issues, strengthen client relationships, and ensure long-term retention
- Tracked KPIs and adoption metrics in ChurnZero, Salesforce and Clari to demonstrate quantifiable value and align with customer strategic goals.
- Managed end-to-end renewal process including forecasting, quoting, negotiations, and closed-won execution in Clari and Salesforce; trained in MEDDPICC to strengthen opportunity qualification.
- Developed strong technical acumen in DevSecOps, SDLC, vulnerability management
- Proficient in Salesforce, ChurnZero, Gainsight, Clari, and Microsoft Office.
- Mentored junior CSMs on internal processes, opportunity qualification (MEDDPICC), and customer strategy development.

Co-owner & Operator Pals for Paws Pet Sitters | Sunnyvale, CA | July 2014 – Present

- Founded and scaled a client-focused service business from inception, managing all aspects of customer acquisition, relationship management, marketing (Google AdWords, social media), and operations.
- Built long-term client relationships through personalized service, networking, and consistent delivery of high-value experiences.

Earlier roles in manufacturing engineering at KLA-Tencor and Stryker Endoscopy, as well as direct sales leadership at Silpada Designs, available upon request
